

Probus Primary School & Nursery

Head of School: Ms. Stephanie Moore

Dear Families

A very busy week in school!

Thank you to everyone who could attend the Welcome meetings. We hope you found it useful and informative.

This week we have seen a real shift in the weather, please remember to send your child with a coat (please ensure it has their name inside) so if the weather is not too wet, we can get outside for playtimes.

Please find attached at the bottom of the Friday News the dates we have for your diary for the academic year so far!

Please note that KS2 carols at the church is now on the 17.12.26 at 2pm. If you have any ideas for events/fundraising please speak to me, I am always excited to plan new events to engage the community and parents in the children's school life.

Please see what each class has been working on this year

Nursery: Have started going to the library, look out for their library books that are returned weekly. Our days are Mondays and Fridays.

Reception: Have made a super start to their reading journey and have learnt the sounds s,a,t,p this week. Thank you to parents for coming to our phonics evening and for your support in promoting a love of reading.

Year 1: Have been enjoying using their phonics this week to help them write words for a shopping list linked to our current reading text Supermarket Zoo.

Year 2: Have stepped back in time to begin our topic on castles! We discovered why castles were built and discovered how their strong walls, moats and towers helped protect the people living inside

Year 3: Have been using dictionaries to explore vocabulary.

Year 4: Have been learning about democracy. We investigated the question: Did Athens really create democracy? Most children thought not: women could not vote, slaves could not vote and many other pockets of society could not vote either! This doesn't sound very fair!

Year 5: Have been making the Solar System outside, ordering planets and finding out how they stay in orbit. We also made a galaxy in jar ready for our writing.

Year 6: Have been learning about the industrial revolution in History

Kind regards

Stephanie Moore
