

Curriculum Information for Parents Year 4 Spring 1

Vocabulary to explore with your child:

Digestion

Teeth

Incisor

Canine

Pre-molar

Molar

Stomach

Enzymes

Liver

Small intestine

Large intestine

Bowel

Bladder

Our main topic will be: Brilliant Bodies!

We will be learning about our bodies and how we digest food. We will think about how our bodies use food as fuel and begin to understand how amazing our body is to be able to digest and use it to help us function. We are looking at where our food comes from around the world and the journey it goes on to get to our plates.

We are also going to be looking at how people are different and how diversity is wonderful for our world.

In maths we will be progressing our skills with: Fractions.

We will become more confident when working with fractions and begin to explore fractions larger than 1.

Please see our calculation policy to support your child

Our main texts will be:

'The Boy at the Back of the Class' by Onjali Q Rauf

'The Demon Dentist' by David Walliams

Homework:

This will continue to focus on times tables, reading and other maths topics which we will review. Spellings will also be sent home every other week to practice.

French this term:

We will review months of the year and greetings.

We shall be looking at our family and describing them in French!

Art and design:

We will be looking at micro pictures of food and using coloured pencil and charcoal to create our own images. We will also be designing and making a healthy lunch!

Physical education:

Gymnastics – twisting, turning and jumping

P.E.
